

DPD Fast & Easy

The starter kit for
e-commerce newcomers

Fast delivery solutions for stationary retailers.

For your business the corona crisis means one thing in particular – your customers are not able to visit your shop. As Austria's biggest private parcel delivery service, we have therefore established a new service for you. The DPD Fast & Easy e-commerce starter kit.

The DPD Fast & Easy online delivery starter kit has been specially tailored to your requirements:

- The maintenance is fast, non-bureaucratic and by phone: from initial contact to the first parcel.
- You'll check in via "priority lane": You are mailable within 24 hours upon request!
- We collect your parcels **contactless**. It's also possible to check in your parcels contactless in a pickup parcel shop via a **DPD BusinessCard** or on myDPD.at. Just register and generate your parcel labels online.
- We offer **free of charge** shipping systems: for an uncomplicated fast start.
- If required, we will be pleased to advise you regarding the right webshop connection.
- Shipping consultation: from parcel shipping up to shipping cartons – everything from one provider! Check it now!
- Parcel announcement and delivery upon request are included: With the DPD service Predict, your customers are able to manage their parcel reception flexibly and on their own. Delivery time window, Live-Tracking and a lot of redirection options included.

Start your e-commerce now, with DPD!

We are here for you, any time, and we are looking forward to supporting your entry into online business.
