

Smart urban delivery in Dublin

Thanks to an investment of over €3m, ElectriCity is Ireland's first electric parcel delivery depot. Zero-emissions electric vehicles are welcome in Dublin's busy city centre.

Fleet

> DPD Ireland's electric fleet comprises vehicles in a range of sizes

Benefits

- > Small Paxsters easily navigate Dublin's narrow streets
- > Goupils and LDVs are better for carrying larger parcels

ElectriCity

> Making Dublin cleaner one delivery at a time

20 T
of CO₂ avoided per year

100%
renewable electricity used by the urban depot

79,659
parcels delivered by electric vehicles since the launch
