Classic-Service / Express-Service

Foreword

Flexibility is the cornerstone of the Services provided by DPD and is of the utmost importance to her principals. That is why DPD has developed this comprehensive manual, which contains the details and processes with regards to our logistic solutions and the possibilities we offer to our principals. These processes allow for a large number of combinations, so you can choose the products which suit your exact needs.

Classic-Service / Express-Service

PART A. DEFINITIONS

The logistics sector uses a great number of terms and concepts which are unknown or unfamiliar to the 'outside world'. For that reason, all terms used in the DPD Manual are defined below. When a term is used in the text, it will be recognisable by the first letters being a capital letter.

1. What do all these logistics terms mean?

- 1.1. ADR: the most recent version of the European Agreement concerning the International Carriage of Dangerous Goods by Road and the guidelines as published by the Publication Series Dangerous substances (*in Dutch: Publicatiereeks Gevaarlijke stoffen*), including related regulations. The ADR is statutory law for all contracts of carriage concluded between you and DPD.
- 1.2. Carriage: the transportation of Parcels at the commission of the Principal.
- 1.3. Chemical Substance: any substance falling within the scope of the latest version of the Substances Directive (Directive 67/548), the European REACH regulation (regulation 1907/2006) and the Regulation on the export and import of dangerous chemicals (Regulation 689/2008 EC).
- 1.4. CMR: the 1956 Convention on the contract for the international carriage of goods by road. The CMR is statutory law for all international contracts of carriage by road concluded between you and DPD.
- 1.5. Consignee: the legal entity or natural person to whom DPD delivers Parcels.
- 1.6. C.O.D. (Cash On Delivery): the delivery of Parcel by DPD against payment from the Consignee to DPD.
- 1.7. DPD: DPD (Nederland) B.V., a company organized under the laws of the Netherlands with limited liability, whose corporate seat is in Best (5684 PK) at the Tormentil 10, the Netherlands, registered in the Trade Register of the Chamber of Commerce under number 09118128.
- 1.8. DPD Classic: Services for the Carriage of Parcels to companies by DPD. With DPD Classic, DPD will attempt delivery three times. If delivery is unsuccessful, the Parcel will be returned to the Principal. The conditions of delivery may vary for the Carriage of Parcels abroad.
- 1.9. DPD Home: Services for the Carriage of Parcels to consumers by DPD. With DPD Home, DPD will attempt delivery once. If delivery is unsuccessful, the Parcel will be delivered to a Pickup parcelshop where the Consignee may pick up the Parcel. The conditions of delivery may vary for the Carriage of Parcels abroad.
- 1.10. Geodata: a digital file which contains information such as but not limited to the name and address information of the Consignee as well as the Options.
- 1.11. Legal Provisions: any administrative decision, any treaty, convention, law and any (other) regulation from an international, national or local government body or authority, which is applicable to the Services.
- 1.12. Limited Quantities: the carriage of dangerous goods in Limited Quantities in accordance with the provisions of the ADR.

Classic-Service / Express-Service

- 1.13. Parcel: goods with a maximum Procurement Value of € 13,000,-.
- 1.14. Pickup parcelshop: a pickup or drop off point for Parcel in the DPD network.
- 1.15. Parcel Label: the label with instructions which shall be attached to the Parcel.
- 1.16. Procurement Value: the value (stated on the invoice) of the Parcel at the moment the Parcel came into the (economic) possession of the Principal, minus a write-off percentage of (depending on the nature of the Parcel) 10% to 20% per year.
- 1.17. Proof of Delivery: any notice, statement or remark by the Consignee or a representative of the Consignee, from which is apparent that the Parcel has been received by the Consignee. An analogue or digital signature as meant in article 3:15a of the Dutch Civil Code (*Burgerlijk Wetboek*), or an accepted Quick Response (QR) code, pin code or written permission from the Consignee to deliver the Parcel to a certain location for pickup, all constitute as Proof of Delivery.
- 1.18. Principal (or 'you'): the principal of DPD in the Services Agreement.
- 1.19. Service(s): the entirety of the activities with regards to the carriage of goods.
- 1.20. Software: all software (applications and modules) DPD uses, amongst which MyDPD Pro/DELISprint/DIS, Geodata, future updates, changes, bug fixes, and patches which are applicable to the software (modules). In the DPD Manual the use of the word 'Software' may refer to a specific aforementioned software application.
- 1.21. Transit Document(s): the (air transportation) consignment note, distribution list, CMR list, the Geodata or the Parcel Label whereby DPD acknowledges the receipt of a Parcel and commits to the delivery thereof.
- 1.22. Transit Time: the time between the consignment of a Parcel to DPD and the delivery to the Consignee.

DPD Manual

Classic-Service / Express-Service

PART B. THE SHIPPING OF PARCELS

2. Geodata and login codes

Creating a Parcel Label

- Step 1.** You must ensure that the Parcel meets the requirements as recorded in Part C of the DPD Manual.
- Step 2.** You must use the Software made available by DPD (MyDPD Pro, DELISprint or DIS) to create a Parcel Label per Parcel (in accordance with specifications provided by DPD) and enter the following data: the shipping and delivery location (this cannot be a PO box), the country code, the desired product, the weight of the Parcel, the desired Options, the name and the (preferably mobile) phone number of the Consignee.
- Step 3.** After the above data has been entered, the completed Geodata is automatically sent to DPD by means of the Software, provided you have a working internet connection, after you have pressed the 'end of day' button. If the Geodata is not received by DPD, DPD cannot perform the Services.
- Step 4.** After the Geodata is sent to DPD, you must print the Parcel Label and attach it to the Parcel in such a way that the label cannot be separated from the Parcel. Parcel Labels are processed electronically and must be undamaged and the printed text must be readable. Any information written on the Parcel Label, such as stickers with further instructions or extra information cannot be processed and is therefore not a part of the agreement with DPD.

Please take note of the following

If you don't want to use the Software made available by DPD (MyDPD Pro/DELISprint/DIS) to create Parcel Labels, you are to send a test Parcel Label made with your own software to DPD. Provision of Services is subject to prior approval by DPD of the test Parcel Label. Due to continuous development of software/computerization DPD may change the requirements of Parcel Labels.

Postal code table

The postal code table is necessary in order to have the Parcels send to the right addresses and requires updating three times per year, but this may vary. If you use MyDPD Pro the postal code table will be updated by DPD automatically. If you use DELISprint you are to approve updates in the online application by checking the 'approve update box'. If you use your own software to create Parcel Labels you are to update the postal code table yourself. DPD will inform you when updating is necessary. After you have updated the postal code table you are to create a test Parcel Label. Provision of further Services is subject to prior approval by DPD of the test Parcel Label. If you have questions you can contact our Customer IT.

Classic-Service / Express-Service

Login codes

The login codes for MyDPD Pro/DELISprint or DIS (and any other Software) which are provided to you are strictly personal. You are not allowed to disclose the login codes to third parties or have third parties use these login codes, unless DPD has consented explicitly and in writing.

Higher costs

DPD retains the right to invoice a surcharge if the Parcel Label/the Geodata has not been properly created / entered / filled in. For example when a B2B Parcel label has been created while a B2C Parcel label should have been created.

Classic-Service / Express-Service

3. How does the pickup of a Parcel at an address in the Netherlands work?

- Step 1.** The Parcel Labels must be created through MyDPD Pro/DELISprint/DIS and attached in such a way that the Parcel Label cannot be separated from the Parcel on the day the Parcel is scheduled for pickup. The entire shipment of Parcels must be accompanied by a waybill drafted by you. The waybill must state that DPD is the consignor.
- Step 2.** DPD will only pick up Parcels once a day, regardless of the amount of the Parcels scheduled for pickup. DPD and you can mutually agree otherwise.
- Step 3.** Drivers work on the basis of a strict schedule and therefore drive on the basis of the same predetermined routes. If a specific timeframe for the pickup of Parcels is agreed upon, the Parcels must be ready for pickup at the beginning of – and during – this timeframe. DPD may choose a different timeframe for the pickup of Parcels due to operational or economic reasons. The Parcels must also be accompanied by a waybill, which is to be signed by the driver during pickup. Due to the strict schedule, drivers will only pick up Parcels made available to them on the side of a public road or on the premises of the pickup address at a location designated and suitable for the loading of goods.
- Step 4.** The loading of the Parcels may be a precarious process. For that reason, you must supervise the loading, and you are responsible for the Parcel(s) during this time.
Please take note of the following! If the Parcels are provided in a self-loaded container, the number of Parcels scanned in the DPD-depot is considered to be the number of Parcels provided to DPD, unless proof of the contrary can be provided. This also applies if DPD has signed a waybill on which a different number of Parcels is indicated.
- Step 5.** Logistics require thinking ahead and planning. As such, it is not possible for DPD to pick up more Parcels than agreed upon between DPD and you. If there are no, or less, Parcels than agreed upon available for pickup, then DPD will assume that there are no, or fewer, than the agreed upon Parcels available for pickup. DPD will not contact you in these situations. You will then need to provide DPD with a new order.
- Step 6.** The DPD-driver will deliver the Parcel to a DPD depot, where the Parcel Label is then scanned. DPD and you will consider the amount of Parcels scanned at the DPD depot as the amount of Parcels received by the DPD. This is also the case if the driver has signed a waybill which states a different number of Parcels, unless evidence to the contrary is provided.

Classic-Service / Express-Service

4. How does the delivery of a Parcel through DPD Classic or DPD Home (transportation by road) work?

Delivery attempts

Consignees aren't always at home when a Parcel arrives. That is why DPD will attempt to deliver a Parcel to the Consignee in the Netherlands at least once. With DPD Classic DPD will attempt delivery of the Parcel three times. With DPD Home DPD will attempt delivery once. In case of cross-border carriage, the number of delivery attempts may vary. If a delivery attempt is unsuccessful, then DPD may choose a different method at its sole discretion. You will not receive a refund if a delivery attempt is unsuccessful.

Delivery of the Parcel

Delivery by DPD at the address of the Consignee occurs by issuing the Parcel to any person who has reached the age of majority and is willing to accept the Parcel at the side of a public road or on the premises of the address of the Consignee or at the location designated for the delivery. DPD is not under any obligation to determine the age of the recipient or whether the recipient is authorised or competent to receive the Parcel. In the logistics sector it is important that the right documents are signed. As such, you guarantee that the Consignee or any other authorised or competent recipient of a Parcel will provide DPD with Proof of Delivery in such a manner the signor is identifiable.

Not at home?

If during the first delivery attempt no one is found to accept the Parcel at the address of the Consignee, the following occurs. With DPD Home, the Parcel will be delivered to a Pickup parcelshop at the latest the next day. With DPD Classic the delivery address may be changed at your initiative, or at the request of the Consignee, to a different address within the Netherlands, such as a Pickup parcelshop. After the Parcel has been delivered by DPD to a Pickup parcelshop, the delivery address cannot be changed anymore. If a delivery attempt is unsuccessful, DPD may also deliver the Parcel to one of the neighbouring addresses, after which DPD is deemed to have met his obligation to deliver the Parcel. DPD will, of course, notify the Consignee of the delivery to this different location.

Drop off permission

Many Consignees authorise DPD to deliver Parcels to other locations than the address of the Consignee. The authorisations are for a single delivery or for an indefinite period. You expressly agree that the Parcel – without further notification from DPD – may be delivered to an alternative delivery address provided by the Consignee. The delivery of the Parcel with Drop off permission is performed at the sole risk of the Consignee.

Safety

The safety of drivers is of great concern for DPD. As such, no delivery will be made to premises which have specific (safety) requirements to enter, such as the wearing of protective gear at a construction site and the searching of visitors at prisons.

Classic-Service / Express-Service

5. How does delivery of a Parcel through DPD Express Services / DPD GUARANTEE (transportation by road) work?

Logistics implementations

If you require that a Parcel is to be delivered before a certain time, DPD offers the following Express Services.

Time Definite Services

- Option 1.** DPD 8:30: delivery before 08.30 (8:30 AM);
- Option 2.** DPD 10:00: delivery before 10:00 (10:00 AM);
- Option 3.** DPD 12:00: delivery before 12:00 (12:00 PM);
- Option 4.** DPD 18:00: delivery before 18:00 (06:00 PM) ;

Day Definitive Services

- Option 5.** Delivery within the delivery periods as communicated by DPD (in local time) for DPD GUARANTEE Parcels, depending on the country to which the Parcel is to be delivered.

The website www.dpd.nl may be used by you for information regarding destination countries for which these Express / GUARANTEE Services are available, the exact delivery periods per destination and the postal code areas for which there is no guaranteed delivery period. A workday usually ends at 17:00 (05:00 PM) local time, but may vary per country. If the end of a delivery term ends on a Saturday, Sunday or a nationally recognised public holiday at the destination country, delivery will occur on the next workday. This also applies when the delivery term is extended due to a nationally recognised public holiday in a transit country.

Procedure

The sending of a Parcel through DPD Express Services / DPD GUARANTEE (transportation by road) is completed through the following steps:

- Step 1.** If you indicate to DPD that a Parcel must be delivered by DPD Express Services / DPD GUARANTEE, DPD will provide you with DPD Express Services or DPD GUARANTEE tape. You must inform DPD (in coordination with the local DPD-depot) of the number of Parcels which must be delivered within a specific delivery period and the destination(s) of those Parcels.
- Step 2.** The DPD Express Services / DPD GUARANTEE tape provided by DPD must be applied by you to all sides of the Parcel in order for the Parcel to be recognised as such a Parcel in order to guarantee the method of delivery.
- Step 3.** For shipments to countries outside of the EU, all necessary customs and export forms must be visibly attached to the Parcel in an export envelope.
- Step 4.** The delivery term can only be guaranteed if you have notified DPD of these Parcels by 12:00 on the day the Parcels are picked up.

Classic-Service / Express-Service

- Step 5.** If the service chosen by you is not available at the postal code area of country of destination, the Parcel will be delivered in accordance with a service which approximates the chosen service as closely as possible.
- Step 6.** If DPD is unable to deliver the Parcel by way of the chosen option, the following applies: DPD will immediately inform you of the failure to deliver on time by telephone or e-mail, with the reasons for the failure, in order to agree upon a different manner of delivery (pro-active return information). Transit Times cannot be guaranteed for subsequent delivery attempts.
- Step 7.** If a shipment with a DPD 8:30 - DPD 10:00 – DPD 12:00 – DPD 18:00 or DPD GUARANTEE option is not delivered or not delivered on time and this is caused by an act or omission by DPD, then the paid surcharge will be reimbursed. This does not apply if the delivery attempt fails due to an act or omission by the Consignee or by you.

Classic-Service / Express-Service

6. How does the delivery of a Parcel through DPD International Express (transportation by air) work?

If you require a Parcel to be delivered through transportation by air, you may use DPD International Express. DPD International Express is subject to certain rules which apply to both DPD and you.

Procedure

The sending of a Parcel through DPD International Express is completed through the following steps:

- Step 1.** DPD International Express is only available if explicitly agreed upon by both you and DPD.
- Step 2.** You must check whether the Parcel conforms to the maximum size and weight as stipulated in Part C of the DPD Manual.
Please take note of the following! The combined weight of the shipment, including packaging, may not exceed 70 kilograms. Shipments which exceed the maximum weight are subject to a surcharge determined by DPD. Surcharges may be found at www.dpd.nl/surcharges.
- Step 3.** You must check whether the Parcel may be sent according to applicable Legal Provisions. It is not allowed to send Parcels with forbidden contents, as meant Regulation 300/2008. DPD is allowed to check or have the Parcels checked for safety, more specifically in the case of random security checks.
- Step 4.** You are responsible for the correct and complete completion of the Transit Documents, including customs and export documents, delivery note and five copies of the invoice. For shipments to countries outside of the EU, all necessary customs and export forms must be visibly attached to the Parcel via an export envelope. If a specific Parcel does not require any customs or export forms, at the very least five copies of the invoice (in English) should be attached.
- Step 5.** Transport will take place in accordance with the delivery period as specified in the delivery period tables available on www.dpd.nl. In case delivery is not successful DPD will contact you for further instructions.
- Step 6.** DPD will attempt to deliver a Parcel to the Consignee twice. If the first delivery attempt is unsuccessful, due to the Consignee being unavailable or not willing or able to pay the applicable customs duties, you must provide DPD with new instructions for delivery or return of the Parcel. Returns will be invoiced at the applicable rates.

DPD retains the right to have complete control over a Parcel, including the destruction thereof, if a return delivery is not possible, if DPD is unable to contact you or new instructions for delivery or return of the Parcel are not given within a reasonable time.

Classic-Service / Express-Service

'Known Consignor'

Your 'status' is of importance in air transportation. If you are certified as a "Known Consignor" (as defined in Regulation 300/2008) you guarantee that the Parcels do not contain any items banned from transport and consent that the Parcels may be checked.

'Unknown Consignor'

If you are not certified as a "Known Consignor" as defined in Regulation 300/2008 you guarantee that the Parcels do not contain any items banned from transport and consent that the Parcels may be checked.

Checks and additional costs

If security checks – be it random or compulsory – as required by applicable Legal Provisions are performed on your Parcels you are liable for any additional costs.

Please take note of the following!

If the applicable Legal Provisions are violated, you are liable for all direct or indirect damages and/or losses. You are liable towards DPD and any third party which incurs damages or losses. You will indemnify DPD for any claim third parties may have. DPD is not liable towards you for damages to cargo and losses of cargo or delays due to violations of the applicable Legal Provisions.

DPD Manual

Classic-Service / Express-Service

PART C. PARCELS

7. What are the minimum requirements for a Parcel?

Packaging requirements / container requirements

Parcels are sorted mechanically. As such, any Parcel must withstand a diagonal-fall test from a height of 80 cm and have a pressure resistance of at least 100 kg. Parcels must be packaged tear free and watertight and in such a way the contents cannot move inside of the container. This requires a proper packaging must be used for both the inside and the outside of the container. Only product packaging does not suffice. Furthermore, the Parcel must have tape applied in such a way that it is impossible to open the Parcel without leaving traces thereof and in such a way that it is weather resistant.

When the packaging does not meet the minimum requirements

If the Parcel, the weight or the circumference of the Parcel does not meet the above requirements, DPD may nevertheless decide to process the Parcel as a Non Conveyable Parcel, in which case an additional fee must be paid. DPD may also decide to return the Parcel in question to you or store it and ask you for instructions.

Request for approval DPD

Buckets, cans, jerry cans and other goods prone to fracture or break, such as glass, pottery, ceramics, stone, hard plastics, sugar- or chocolate confectionery or cast-iron object must be packaged in a container which has been approved by DPD in advance and in writing.

Controls and checks

You accept that a Parcel may be opened or inspected at all times by DPD, or thereto authorised legal authorities, including but not limited to customs. Needless to say, DPD will never open a Parcel without justifications. However, it might, for example, occur that the customs authorities conduct a random check or that DPD checks whether a Parcel is damaged or contains prohibited or dangerous goods and/or Chemical Substances.

If you are not the owner of the (contents of the) Parcel, you will considered as a representative of the owner as far as the agreement with DPD is considered. If third parties are in any way involved with regards to the contents of the Parcel, you will be considered to be their representative as well.

Classic-Service / Express-Service

8. Which dimensions / weight can a Parcel have?

Delivery through DPD Classic Services / DPD Express Service / GUARANTEE (transportation by road)

Parcels are divided up into two categories: Small Parcels and Normal Parcels.

- Small Parcels (SP) may have a weight up to 3 kg; a length up to 50 cm and a circumference (double the width plus double the height plus length) up to 111 cm.
- Normal Parcels (NP) may have a weight up to 31,5 kg; a length up to 175 cm and a circumference (double the width plus double the height plus length) up to 300 cm.

Delivery through DPD International Express (transportation by air)

A Parcel may have a maximum *volumetric weight* up to $1 \text{ m}^3 = 200 \text{ kg}$. Volumetric weight is calculated as follows: length x width x height in cm / 5,000. **Please take note of the following!** The *actual* weight per Parcel may be up to maximum of 31,5 kg and per shipment up to a maximum of 70 kg. Claims are not paid on the basis of the volumetric weight, but on the basis of the actual weight. Shipments which exceed the maximum weight are subject to a surcharge determined by DPD. Surcharges may be found at www.dpd.nl/surcharges.

Furthermore, a Parcel may have a maximum length of 175 cm and a circumference of 300 cm and minimum dimensions of 23 x 16 cm. Parcels which exceed the maximum length are subject to a surcharge determined by DPD. Surcharges may be found at www.dpd.nl.

Shipping and delivery through Pickup parcelshop

Parcel are divided up into three categories: Small Parcels, Normal Parcels and Large Parcels.

- Small Parcels (SP) may have a maximum weight up to 3 kg; a length up to 100 cm, a maximum width of 50 cm, a maximum height of 50 cm, and a circumference (double the width plus double the height plus length) up to of 250 cm.
- Normal Parcels (NP) are larger and heavier than SP and may have a maximum weight up to 10,0 kg; a length up to 100 cm, a maximum width of 50 cm, a maximum height of 50 cm, and a circumference (double the width plus double the height plus length) up to of 250 cm.
- Large Parcels (LP) are larger and heavier than NP and may have a maximum weight up to 20 kg; a length up to 100 cm, a maximum width of 50 cm, a maximum height of 50 cm, and a circumference (double the width plus double the height plus length) up to of 250 cm.

If the Parcel does not meet the requirements

If the container, the weight or the circumference of the Parcel does not meet the above requirements, DPD may nevertheless decide to process the Parcel as a Non Conveyable Parcel, in which case an additional fee must be paid. DPD may also decide to return the Parcel in question to you or ask you for instructions.

Classic-Service / Express-Service

9. Is it possible to offer Limited Quantities of dangerous goods for transportation?

Dangerous substances

Services are normally excluded when a Parcel contains dangerous substances as meant in article 1 paragraph 1 under b of the Dutch Act Transportation of dangerous substances (*Wet vervoer gevaarlijke stoffen*). Such substances are (non exhaustive) explosive substances and objects, compressed gasses, liquefied gasses or gasses dissolved under pressure, flammable liquids, flammable solids, spontaneously combustible substances, substances which cause flammable gasses when coming into contact with water, substances which can be used as accelerants, organic peroxides, poisonous substances, infectious substances, corrosive substances and other substances which pose a danger for humans or the environment.

Services with regards to a Parcel containing Limited Quantities is allowed under certain circumstances, provided DPD explicitly and unambiguously consents with such Services. In such cases you guarantee the conditions of applicable Legal Provisions, such as but not necessary limited to the ADR, are met.

At the first request of DPD, you must provide DPD with the insurance policy which clearly states the necessary coverage, and evidence the insurance premiums has been paid and other information which is relevant to preventing any dangerous situation or to judge a claim. You must keep this information at hand.

Dry Ice

Legal Obligations, such as but not necessarily limited to the ADR, apply to all Services with regards to dry ice. **Please take note of the following!** On the basis of the General Terms and Conditions, DPD is not liable when shipping perishable goods – with or without dry ice.

Please take note of the following!

Dangerous substances in Limited Quantities can be extremely dangerous and must be taken seriously. If you act in violation of the conditions of this paragraph, you will forfeit a directly due and payable fine of € 25.000 per Parcel. DPD retains the right to claim the entirety of damages and performance of the agreement.

Combinations with Options

Services with regards to Limited Quantities are not possible in combination with Options.

DPD Manual

Classic-Service / Express-Service

PART D. CLAIMS

10. Which information does DPD need to process a claim?

Documents

Processing claims has been made as easy and efficient as possible. However, for DPD to judge the validity of a claim, you will need to provide at the very least the following information. The claim may be rejected if this information has not been provided. As such, the following must be provided:

- Document 1.** Your name and the Parcel number in question;
- Document 2.** The date on which the Parcel was provided to DPD or the Pickup parcelshop;
- Document 3.** A declaration regarding any insurance coverage for the incurred damages;
- Document 4.** All Transit Documents for the Parcel in question;
- Document 5.** If asked: the original packaging and/or the damages goods. **Please take note of the following!** Please always save the packaging until the DPD Claims Department has concluded the research into the claim.
- Document 6.** The contents and weight of the Parcel.
- Document 7.** All purchase and sale invoices and all other data which is relevant for determining the value of the Parcel and/or the cause of the damages.

Please take note of the following! Claims which involve mobile phones shall only be processed if the Emei number has been provided.

DPD International Express (Transport by Air)

For claims under DPD International Express the following additional conditions apply:

1. Claims shall only be processed if the Principal provides the following documents:
 - The consignment note;
 - A fully completed claims form;
 - The original invoice;
 - If applicable: an invoice for repair costs.
2. The Principal must submit claims with regards to loss or damages within 7 days after the day on which the Parcel was delivered or was supposed to have been delivered, under penalty of loss and/or forfeiture of all rights related to these claims.
3. The Principal must submit claims regarding delays in the delivery within 14 days after the day on which the Parcel was delivered or was supposed to have been delivered, under penalty of loss and/or forfeiture of all rights related to these claims.
4. Claims filed must be correct, complete, specific and have a date and signature.

Processing time for a claim

The employees of the DPD Claims Department will begin processing a claim, which has been transferred by the Customer Service, immediately during office hours on workdays. You will receive a first notification within five work days. As soon as all the requested document have been received, a final decision regarding the claim will be made.

DPD Manual

Classic-Service / Express-Service

Indication of the maximum level of liability

If a Parcel has been scanned.	Max. € 520 per Parcel	
If a Parcel has not been scanned.	Cross-border transportation by road.	Max 8.33 SDR per kg.
	Domestic transport by road.	Max. € 3,40 per kg.
DPD Transportation by air.	Max. 19 SDR per kg.	

Please take note of the following! The above list is only an indication. The substantive assessment will be performed on the basis of the Agreement and the General Terms and Conditions. A claim may be rejected. It is possible that less than the above mentioned amounts will be paid.

VAT

Any claims paid by DPD are exempt from VAT. DPD will not charge VAT over the owed amount. Any VAT which you have paid as part of the Procurement Value must be claimed from the Tax authorities through a VAT declaration.

Write off

Pursuant to the Agreement with DPD a write off is applied to the settlement of claims of used goods. We apply the following percentages.

Product	Write off per year
• Books	20 %
• Office supplies	20 %
• Bicycles (including accessories)	20 %
• Photo, film, video and audio equipment, computer hardware, video game consoles, CS's, DVD's	20 %
• Watches	20 %
• home appliances (such as vacuum cleaners, kitchen and bathroom equipment)	20 %
• Clothing, shoes, towels, sheets, duvets	20 %
• Suitcases, bags, wallets	20 %
• Medical equipment, crutches, hearing aids	20 %
• Sporting goods	20 %
• Mobile and wireless communications equipment	20 %
• (Sun)glasses and lenses	10 %
• Car, motorcycle, and moped parts and accessories	10 %
• Camping goods (tents, sleeping bags)	10 %
• Tools	10 %
• Cosmetics	Opened 100% Unopened 50%
• Foodstuffs	Opened 100% Unopened 50%

Classic-Service / Express-Service

External Insurance

In case the Principal or the Consignee is insured for the Parcel regardless of the policyholder or beneficiary of this insurance. The Principal or the Consignee should submit the claim to their own insurer. If the insurance policy does not cover the entire amount of the damages as result of a deductible, then DPD will re-imburse the deductible with a maximum as determined in the applicable provisions of the General Terms and Conditions.

Only the Principal may claim Forwarding Agent 's payment of the insured amount. The claim shall not be transferred to third parties. In case of subrogation as stipulated in art. 7:962 Dutch Civil Code, the insurer is limited to claim cross border transport by road to the Procurement Value, with a maximum of 8.33 SDR per kg of the Parcel's weight and domestic transport by road in the Netherlands to the Procurement Value with a maximum of € 3,40 per kg of the Parcel's weight.

Claims submitted to Forwarding Agent shall be set off with any payment obligations of the Principal in respect of Forwarding Agent before being paid.

If a claim is submitted and the Forwarding Agent pays the claim or part of the claim due to the deductible the Principal hereby grants an irrevocable power of attorney to Forwarding Agent to collect the claim in respect of the engaged third party that is liable for the damage.

DPD Manual

Classic-Service / Express-Service

11. When is an advance deposit required?

DPD may periodically perform a credit check on the Principal.

- Step 1.** If the credit check shows that that performance of your payment obligations may be breached, then you must pay an advance deposit or supplement on an earlier deposit at the first request of DPD within 5 work days after the request has been made. DPD will only continue to perform its obligations after the advance deposit has been received. DPD retains the right to suspend, set aside or terminate any obligations if no advance deposit is received within 5 work days, without DPD being liable for any damages.
- Step 2.** If you pay an advance deposit, you will receive a confirmation thereof in writing.
- Step 3.** The advance deposit will be offset against outstanding invoices, interests, costs and/or other claims:
 - a. If you have a payment obligation towards DPD;
 - b. If the agreement with DPD ends;
 - c. If you are or have been declared to be in suspension of payments / creditor protection or if you are or have been declared bankrupt;
 - d. If for any reason not mentioned above you are unable to perform obligations towards DPD.
- Step 4.** DPD will inform you at first request of the actual amount of the advance deposit. If the balance is positive after the agreement has ended, this will be paid within two months after the end of the agreement. DPD is under no obligation to pay any interest in relation hereto.
- Step 5.** DPD retains the right to perform a new credit check at all times, and will do this at least one year after receiving the first advance deposit. On the basis of the outcome of the credit check DPD may decide to refund the advance deposit, to require the advance deposit be supplement or that a new deposit must be paid.

Classic-Service / Express-Service

PART E. OPTIONS

12. Option: Pickup parcelshop

- For the shipment of a Parcel through a Pickup parcelshop the following procedure applies

Shipment through a Pickup parcelshop

- Step 1.** You check whether a Parcel may be shipped through a Pickup parcelshop on the basis of Part C of the DPD Manual.
- Step 2.** You create a Parcel Label by using the Software and apply this Parcel Label to the Parcel in such a way that it cannot be removed. **Please take note of the following!** You are obligated to enter the correct weight of the Parcel in the Software.
- Step 3.** You may ship the Parcel through a Pickup parcelshop within ten calendar days after the Parcel Label has been created. The Parcel Label expires after this period. You will not receive a refund if the Parcel Label has not been used within the 10 calendar day period. You will receive a receipt after the Pickup has received the Parcel.

Combination with Options

Shipment from a Pickup parcelshop is not possible in combination with Limited Quantities, other Options, and with DPD Express Services / DPD GUARANTEE (transportation by road) or DPD International Express (transportation by air).

- The following procedure applies for the delivery of a Parcel through a Pickup.

Delivery through a Pickup parcelshop

- Step 1.** You check whether a Parcel may be delivered through a Pickup parcelshop on the basis of Part C of the DPD Manual. The same requirements for shipping a Parcel through a Pickup parcelshop apply.
- Step 2.** You will create a Parcel Label by using the Software. You will indicate that the Parcel must be picked up at a Pickup by the Consignee.
- Step 3.** The Consignee can collect the Parcel after a valid identity document has been checked. The Parcel can only be picked up by someone else than the Consignee if this person has a written and signed authorisation from the Consignee to pick up the Parcel to which must be added a identification document from the Consignee (such as an ID-card or a passport) and the signature on the identification document matches the signature on the written authorisation.
- Step 4.** If the Parcel is not collected from the Pickup within 7 calendar days, the Parcel will be returned to you. DPD will not refund the shipping costs.

Classic-Service / Express-Service

Not at home?

In case you have chosen DPD Home and the Parcel should have been delivered through DPD Classic (by road), but the delivery attempt was not successful, the Parcel will be delivered to a Pickup parcelshop.

Please take note of the following! A Parcel cannot be delivered through another method of delivery once the Parcel has arrived at a Pickup parcelshop. If a Parcel cannot be delivered at the requested Pickup due to unforeseen circumstances, it will be delivered through the nearest Pickup parcelshop.

Combination with Options

Delivery through Pickup parcelshop is not possible in combination with Limited Quantities, other Options except for DPD Predict, or with DPD Express Services / DPD GUARANTEE (transportation by road) or DPD International Express (transportation by air).

- Return Shipment through Pickup

A Parcel may be sent back to you by the Consignee or the recipient through Pickup parcelshops. The following procedure applies.

- Step 1.** If you wish to use this Option, this must be explicitly agreed upon in writing with DPD.
- Step 2.** You check whether the Parcel may be returned through a Pickup parcelshop on the basis of Part C of the DPD Manual. The same requirements for shipping a Parcel through Pickup parcelshops apply (see paragraph 12).
- Step 3.** You provide the Consignee with the Parcel Label and provide him with instructions regarding the return shipment of the Parcel.

Combination with Options

A return shipment through a Pickup parcelshop is not possible in combination with Limited Quantities, other Options or with DPD Express Services / DPD GUARANTEE (transportation by road) or DPD International Express (transportation by air).

Classic-Service / Express-Service

13. Option: Predict

Predict is the sending of a message through e-mail or SMS to the Consignee prior to the delivery of the Parcel. If the Consignee wishes to have the Parcel delivered on a different day, at a new address, at a (new) Pickup parcelshop or with drop off permission (see paragraph 4) the link in the email or the SMS can be used.

For the Option Predict option the following applies:

- Step 1.** The Predict Option is only available if explicitly agreed upon in writing with DPD.
- Step 2.** You must check whether Predict is available (see www.dpd.nl for all the possibilities).
- Step 3.** DPD will send the Consignee an e-mail or SMS-message regarding the delivery day and the timeframe within which the Parcel is likely to be delivered prior to the first delivery attempt by the Carrier. If the Consignee wishes to receive the Parcel on another day or a different timeframe the link in the email or the SMS can be used.
- Step 4.** Prior to the first delivery attempt, but after the e-mail or SMS has been sent, the Consignee can submit a change through the Recipient Portal (www.mijndpdpakket.nl)

Please take note of the following! The delivery address may only be changed by contacting the Customer Service Department of DPD.

While DPD will try its best to carry out a change, the Consignee and you cannot derive any rights from a submitted change of delivery date and/or timeframe.

Please take note of the following! DPD is not liable if the e-mail or SMS-message from DPD to the Consignee contains an incorrect delivery date or timeframe, unless in the case of intent or gross negligence.

Classic-Service / Express-Service

14. Options: Saturday Delivery

- Step 1.** You check www.dpd.nl for the possibilities.
- Step 2.** You submit through MyDPD Pro/DELISprint/DIS that a Parcel must be delivered on a Saturday.
- Step 3.** The Parcel will be picked up on Friday. If the Parcel is provided to DPD before Friday, it will not be delivered on Saturday.
- Step 4.** The delivery attempt on Saturday will be before 18:00 (06:00 PM). If the delivery attempt is unsuccessful, another delivery attempt will take place on Monday.

Combination with Options/products

Saturday Delivery is not possible in combination with the Option and COD or with DPD Express Services / DPD GUARANTEE.

DPD Manual

Classic-Service / Express-Service

15. Option: C.O.D. (Cash on Delivery)

In some cases you require the Consignee to pay cash on delivery. DPD will then collect the C.O.D. amount when delivering the Parcel to the Consignee. The following applies to this Option:

- Step 1.** You will need to check if DPD offers the C.O.D. Option (see www.dpd.nl for all possible scenario's)
- Step 2.** The Parcel may not be sent for a higher value than the invoice value of the Parcel. The maximum C.O.D. amount is € 2.500. Once the Parcel has been submitted, the C.O.D. amount cannot be changed.
- Step 3.** You must use the Software to enter into MyDPD Pro/DELISprint/DIS the C.O.D. specifics of the Parcel. If DPD has not received the data file in time, regardless of the reason, the C.O.D. Parcel will not be delivered.
- Step 4.** The Parcel must have a C.O.D. Parcel Label provided by DPD or authorised in advance and in writing.
- Step 5.** DPD will deliver the Parcel to the Consignee. DPD will not accept any other method of payment than cash money in euro's.
- Step 6.** DPD will then transfer the funds within 10 work days to a Dutch bank account number provided by you.

Instructions which deviate from earlier instructions are not binding for DPD, unless explicitly confirmed in writing by DPD. DPD is only liable for the Procurement Value of the Parcel if the C.O.D. Options is used. DPD will not pay any interest for the received C.O.D. amount.

Combination with Options

C.O.D. is possible in combination with DPD Classic Services (transportation by road) and DPD Express Services (transportation by road).

Classic-Service / Express-Service

16. Option: Collection Request

If you wish for a Parcel to be picked up at a third party, DPD recommends a Collection Request.

- Step 1.** The Collection request can be made via MyDPD Pro/DELISprint/DIS . If DPD receives the request on a work day before 16:00 (04:00 PM), the first collection attempt will be made within 3 work days. If the first collection attempt is unsuccessful, one more attempt will be made, unless the first attempt was unsuccessful due to (someone at) the pickup location refusing to cooperate with the collection attempt.
- Step 2.** To ensure that the Parcel can be sent to the Consignee, it must have a Parcel Label. The DPD driver will bring the Parcel Label and will apply the label to the Parcel under the supervision of staff at the collection location.
- Step 3.** The loading and labelling of Parcels may be a precarious process. For that reason the staff at the collection location must supervise the process, as they are responsible. Staff at the collection location may only give the Parcel to the DPD driver after the driver has provided a receipt. You must inform the staff at the collection location to follow these instructions carefully.

Combination with Options

Collection Request is a return implementation without additional Options being available.

Classic-Service / Express-Service

17. Option: Higher Insurance

If you wish to send a Parcel with a high monetary value, a request may be made to DPD to pay claims for a higher amount than normally agreed upon in the Agreement and the General Terms and Conditions (Higher Insurance). At your request DPD will pay out claims to a maximum of € 13.000 per Parcel instead of € 520 per Parcel. The following conditions apply:

- Step 1.** The request for this option must be made through the Software (www.dpd.nl) before sending the Parcel. After entering the required information on the Higher Insurance form, DPD will send a confirmation for the request. You must store this confirmation carefully.
- Step 2.** If the Parcel has been insured elsewhere, the option Higher Insurance has no effect. You are obligated to inform DPD and/or DPD's insurance company thereof, even if no specific request has been made to do so.
- Step 3.** DPD is obligated to pay an additional insurance premium for the Higher Insurance option, which DPD will charge to you.
- Step 4.** Any claim on the grounds of the Higher Insurance option will be done by DPD and only after DPD has received remuneration from her insurance company for the claim.

Please take note of the following!

The Option Higher Insurance does not affect the rights and obligations as set forth in the Agreement, the General Terms and Conditions and the DPD Manual except for the maximum amount to which DPD might be liable. If DPD is not liable for the damages resulting from expediting the Parcel on the basis of the Agreement and the General Terms and Conditions, then the Parcel may not be offered with the option of Higher Insurance. If the Parcel is offered with Higher Insurance anyway, no claims based on the Higher Insurance Option will be paid.

Combination with Options

Higher Insurance is possible in combination with DPD Classic Services (transportation by road).

Classic-Service / Express-Service

18. Option: C.U.D. (Collection upon Delivery)

You may request that DPD will pick up Parcels from the Consignee when DPD delivers Parcels at the same address (Collection Upon Delivery), in which case the following applies: You will check on www.dpd.nl if C.U.D. is possible.

Combination with Options

C.U.D. is a return service without any additional applicable Options.

Classic-Service / Express-Service

19. Option: Pallet Administration

The costs for euro pallets (pallets with the EPAL label) may increase over time. In order to limit these costs, DPD offers an option for the administration of Pallets. Up to a maximum of 94% of the euro pallets (due to use) which were used by you to submit Parcels to DPD will be returned under the following cumulative conditions. At the end of the agreement all rights regarding the return of euro pallets are forfeit.

- Step 1.** This Option is only available if agreed upon with DPD in writing.
- Step 2.** You must submit a request to register the amount of euro pallets to the Dutch DPD depot where the Parcels are handled for transshipment, before DPD picks up the Parcels. Only undamaged euro pallets which are meant for repeated use will be registered by DPD.
- Step 3.** When euro pallets with Parcels are picked up, DPD and you will sign a pallet receipt. The number of submitted euro pallets will be determined through this pallet receipt excluding all other options to provide evidence to the contrary.
- Step 4.** The euro pallets with Parcel will be delivered to a DPD depot in the Netherlands where the Parcels are handled for transshipments.
- Step 5.** The request for the return of euro pallets must be done In writing and within 60 (sixty) working days after Step 4 has been completed. After this period the euro pallets will not be returned. A request must be for a minimum of 30 euro pallets.
- Step 6.** After a valid request has been made, the euro pallets will be returned with 20 (twenty) working days to you by DPD. If the request is for less than 30 euro pallets, you may (at your own cost) pick up the claimed euro pallets after making an appointment at the DPD Depot where the Parcels have been handled for transshipment. You must then bring the pallet receipt, as this must be signed by both DPD and you during pickup of the euro pallets.

Classic-Service / Express-Service

20. Option: Webshops

DPD can assist you with setting up shipping and returning facilities for your webshop. This is done as follows:

- Step 1.** DPD will provide the “Widget Integration Guide”, which contains a manual on how to implement so the “Checkout- and Return Widgets”. The Widget Integration Guide will be provided to the e-mail address registered with DPD.
- Step 2.** Using the Widget Integration Guide you can implement the Checkout- and return Widgets. DPD will not provide further assistance with the implementation other than described in this Manual. Please consult a third party to assist you with the implementation if it is unsuccessful.
- Step 3.** DPD and or parties DPD uses might incidentally perform maintenance on the Checkout- and Return Widgets through updates. This updates are provided by DPD free of cost.
- Step 4.** In some cases updates or changes to software or hardware are required. If DPD request you implement such changes, taking action will be required to keep using the Checkout- and Return Widgets.

Please take note of the following! If the software is used for creating DPD Parcel Labels, you must provide DPD with a phone number or e-mail address where you may be reached. You must carefully check all DPD Parcel Labels you receive. You must ensure that unauthorised access to the DPD Parcel Labels functionality is impossible by taking security measures which comply with the latest (security) standards.

Support

1. If you are unable to implement the Checkout- and Return Widgets, you can contact – without any additional cost – DPD on workdays between 8:00 and 18:00. DPD’s support consists of further explaining the Widget Integration Guide and – if necessary – advice on how to implement the Checkout- and Return Widgets.
2. If there are any incidents which are the direct cause of Checkout- and Return Widgets not functioning properly, you can contact DPD on workdays between 8:00 and 18:00.
3. For questions which do not fall into the above categories, such as ‘Requests for Changes’, requests for additional functionality and/or DPD Parcel Label functionality, you may contact DPD. DPD will then decide whether it will process your request and/or provide support. DPD may choose to have the support performed by third parties.
4. Support for questions in paragraphs 1 and 2 is provided by DPD free at cost. For all other support, DPD charges a fee of € 90,- exclusive of VAT. Unless agreed upon otherwise in writing:
 - Invoices will be sent twice a month
 - Invoices must be paid within fourteen days after the date on the invoice
 - Payment may only be done through automatic collection;
 - Cancelling the automation collection is considered a breach of contract.

Conditions

1. DPD will perform its activities to its best knowledge and abilities and in accordance with the requirements of good workmanship on the basis of the known state of knowledge at the time. Access to the online functionality provided by DPD is of the utmost importance and while DPD will endeavour to provide this access, it cannot guarantee access where there are (necessary) maintenance activities or unforeseen circumstances.
2. All (delivery) terms and time periods communicated by DPD are determined to its best knowledge and on the basis of data which was known to DPD at the start of the activities, but such deadlines and terms are only indicative and never a strict deadline. If it appears a terms or time period may be exceeded, DPD will contact you as soon as possible.
3. You must ensure that all data, which DPD indicates as being necessary or which you must understand to be necessary or useful for the performance of this activities, is provided to DPD in a timely manner. If data required for the performance of the activities has not or has not been timely provided to DPD, DPD may either suspend the activities or invoice the additional costs for the delay. You guarantee that all information, data and/or goods provided to DPD comply with the demands or specifications communicated by DPD or, when DPD has not communicated such specifications, the specifications which are required to perform the activities.

Classic-Service / Express-Service

4. You must ensure the proper use and application of the software and the services to be provided by DPD, as well as control- and safety procedures as well as an adequate system administration. You are obligated to ensure there is an adequate backup system in place, which functions in such a way that any shortcomings from DPD have only a minor effect on any potential downtime of the web shop.
5. The maximum liability of DPD with regards to the performance of the activities is – except in the case of intent or wilful negligence – limited to direct damages to the amount of the amount that has been invoiced (exclusive of vat) in the year prior to damages occurring. Under no circumstances will the total reimbursement for damages amount to more than the maximum amount which is paid by the liability insurance of DPD including the deductible. Under no circumstances will the damages exceed € 100.000,- per damage causing event. A series of events shall be considered to be one event.
6. DPD is not liable for damages which are the result of improper use or a use in violation of the instructions provided by DPD or third parties used by DPD. DPD is not liable for damages which are the result of improper or incomplete information by you or third parties to DPD or third parties used by DPD.
7. Liability for DPD for indirect damages is excluded. Indirect damages include consequential damages, lost profits, lost savings / opportunity costs, loss of goodwill, damages to due interruption of business, damages as the result of your clients, mutilation or loss of data or information and all other forms of indirect damages.
8. If the damages are not reported to DPD in writing as soon as reasonably possible and/or you have made all reasonable attempts to limit the damages, all rights and claims you may have on DPD are forfeited.
9. DPD retains to the right to modify, change or remove software for any technical or commercial reason it sees fit. Such modifications, changes or removals cannot be grounds for any right or claim.
10. You indemnify DPD for any claims from third parties, including staff, for damages which these third parties may suffer in connection to the performance of the activities which is the result of an act or omission by you.
11. You indemnify DPD from any claims from third parties with regards to rights of intellectual and/or industrial property on materials, software or data you have provided to DPD for the performance of the activities.
12. Any eventual rights of intellectual or industrial property, as well as similar rights, which includes neighbouring rights and rights with regards to the protection of databases, information and/or performances with regards to software made available to you by DPD, is the exclusive property of DPD or its licensors.
13. You may not change the software in any way, unless the nature thereof determines otherwise or if this is agreed upon in writing.
14. All software eventually made available by DPD can solely be used by you personally for the goals for which the software was made available. The software may not be reproduced, made public or disclosed to third parties, unless agreed upon otherwise in writing or the nature of the software determines otherwise.
15. After the activities have ended you must stop using the software immediately. DPD retains the right to have the software returned or destroyed at your cost.
16. You guarantee that all equipment, software, photos, documentation or other information and/or materials, which is used by DPD in the performance of the activities, does not infringe on the intellectual or industrial rights of any nature of a third party. DPD retains the right to check the validity of licences.
17. You may not remove or change any indication regards copyrights, trademarks, trade names or other rights with regards to intellectual or industrial property rights with regards to the software, equipment or materials, including indications with regards to the confidential nature or confidentiality of the software.

Classic-Service / Express-Service

21. Option: Customs Clearance

In case of shipping parcels to the Netherlands the option Customs Clearance is available. Through the customs clearance platform parcels can be cleared on the day of arrival and injected straight into the European DPD road network.

Acceptance procedure

Interested? On request the acceptance procedure will be made available to you by our Sales Department in your region. Contact details are available on our website. Among others the following information is required: company name, corporate seat / registered residence Chamber of Commerce number, directors and shareholders, VAT number, company website, ID legal representative, telephone number, email address of contact person, product categories and product pricing list.

The acceptance procedure forms an integral part of this Manual.
