- 1 DPD is entitled to unilaterally adjust prices and surcharges.
- 2 Packages to islands not listed in the island surcharge list will be delivered by air freight. These are overseas territories that are economically part of Europe, but geographically outside Europe. For example Spain: Balearic Islands = Spain + island surcharge, Canary Islands = air freight. When in doubt, you can always contact your sales contact. DPD (Belgium) nv cannot be held liable for an island surcharge/remote area misinterpreted by the sender
